ROBOZEST

The world is going to be ruled over by AI and technology where the new innovation will be created by the young and talented ones. Great knowledge is expressed in the world of this artificial intelligence and robotics is one of it.

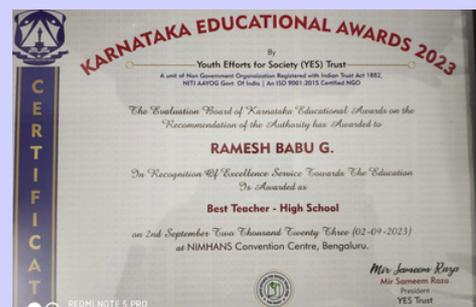

An interschool competition of a groups of school were assembled to prove their own identities and there was two group of 3 students Danny Joel, manju shree and abishek of 6th std and Yeshas.M, Ashwathi M.K and Chandrachanakya of 9th std from our school who were ready to stand by their school and thereby did their best.

PREDICTING THE FUTURE ISN'T MAGIC, IT'S ALL AI AND ROBOTICS

BEST TEACHER AWARD

Best teacher's award is one of the most glorious and prestigious award any teacher could receive. Mr. Ramesh Babu was honoured by the best teacher's award on september 2nd, to appreciate his unwavering comittment towards teaching and igniting the brains of the students profound knowledge, shaping the future of the young brains of the country. As a maths teacher he has earned this award twice, first being in 2019. His goal is to ensure students with a clear and comprehensive understanding of the concept.

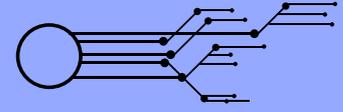

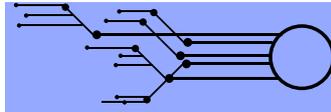

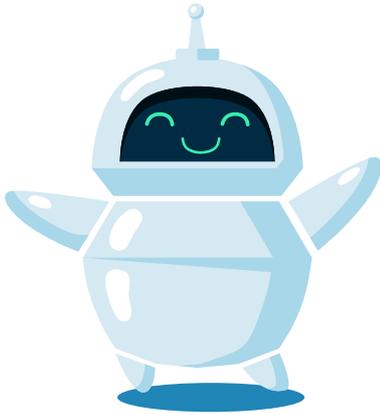

"TEACHERS OPEN THE DOOR, BUT YOU MUST ENTER BY YOURSELF."

SCIENCE ACTIVITY

11-9-2023
GRADE 5

Science is a logical approach to how things work in universe. It's well said that the "Science of today is the future of tomorrow" and "Experiments are the language of Science". Experiments are the best solution for all our scientific questions. Class 5 implemented a Science activity with a great curiosity and students interested participated in it, which was held on 11-9-23. We are happy to see our juveniles of grade 5 is truly amazing to be part in doing the experiment and can proudly say that they can be our future strong backbones ahead.

"Science is the key that unlocks the doors to the mysteries of the universe."

TEACHER'S DAY

Teacher's Day is a special day dedicated to show appreciation and gratitude to teachers and educators. Teacher's Day in India is celebrated on September 5th every year in honor of **Dr. Sarvepalli Radhakrishnan**, who was a renowned philosopher, scholar, and India's second President. He was born on September 5, 1888, and his contributions to education and philosophy are remembered and celebrated on this day as a mark of respect for all teachers. and here it comes in our school where the students of 10th std organized all the arrangements to make the teacher's happy and greet them.

"Teachers plant the seeds of knowledge that grow forever."

Teacher's day in our school was celebrated by the students of grade 10. Games were organized for teachers, It was a fun way to show our appreciation to our teachers. The students then ended up this astonishing day by a cake cutting and thereby gifts were gifted by students. Always the teachers light the path to knowledge and inspire us to shine our brightest, and here the students and teachers enjoyed this delighted day and had a lot of fun.

TONGUE TWISTER

Peter Piper picked a peck of pickled peppers.
A peck of pickled peppers Peter Piper picked.
If Peter Piper picked a peck of pickled peppers,
Where's the peck of pickled peppers Peter Piper picked?

Education is not the filling of a pail, but the lighting of a fire." - William Butler Yeats

RED DAY

Red is not just a color. It's an emotion which indicates Courage, action, strength, energy, passion, love, anger and joy etc. Red is used professionally to capture attention, emotion, and convey confidence. This day is mainly acknowledged by the kinder garden students, they enjoy and cherish this day with great excitement and joy . As on this day, our tiny juveniles identify and learn many things which are red in color and improve their level of thinking and helps in memory development.

"EMBRACE THE BOLDNESS OF RED DAY, WHERE
CURIOSITY PAINTS OUR WORLD IN VIBRANT
HUES OF LEARNING AND DISCOVERY."

Red Day in schools is often a fun and an educational day for young children. It's a way to introduce them to colors and expand their vocabulary. On Red Day, activities and lessons usually revolve around the color red, helping kids recognize, identify, and appreciate the hue in various objects

DANGER

OPTIMISM

- "RED IS RECOGNIZED AS THE COURAGEOUS COLOUR IN THE WHOLE WORLD" -

INTERNATIONAL LITERACY DAY

"READING IS A PASSPORT TO COUNTLESS ADVENTURES, KNOWLEDGE, AND IMAGINATION."

Literacy day is observed every year on 8-09-2023. The main motto of this day is to spread the importance of literacy to each and every individual. Literacy is one of the most important things in today's world, which opens the door to key opportunities. On Literacy Day, a speech was delivered by 7th graders to inspire and motivate students to embrace the power of learning. On this significant day, our students took an oath, pledging: "We learn, we teach, we inspire, to build a future filled with knowledge and success. That reflected their dedication on learning."

SUICIDE PREVENTION DAY

This day is observed from the year 2003, 10th September and is still in progress of spreading awareness every year. We will never understand the value of something unless and until we have it. The main purpose of this day was to let others know the value of their precious life and lead a happy one. On this day, to address the importance of mental health and to prevent harmful decisions among the students, a skit was presented by the 10th-grade students. This skit served as a reminder for students to get a brief analysis of what could be the consequences of such decisions.

"WHEN YOU FEEL LIKE GIVING UP, JUST REMEMBER THE REASON WHY YOU HELD FOR SO LONG"

Don't search for miracles, you yourself are a miracle.

INTERNATIONAL DEMOCRACY DAY

The International Day of Democracy came into the Universal Declaration on Democracy, which was adopted on September 15, 1997 by the Inter-Parliamentary Union (IPU), which is an international organisation of national parliaments. Though India became a free nation on August 15, 1947, it declared itself a Sovereign, Democratic and Republic state with the adoption of the Constitution on January 26, 1950. UNESCO celebrates International Day of Democracy every year because there is a demand inherent in the “democratic ideal” that we uphold, in the words of our Constitution, the “dignity, equality and mutual respect” of human beings.

A SYMPHONY OF VOICES, DIVERSE CHOICES. ON THIS GLOBAL STAGE, LET IDEALS ENGAGE, FORGING A DECREE, WHERE ALL ARE FREE. IN UNITY WE SWAY, ON DEMOCRACY DAY."

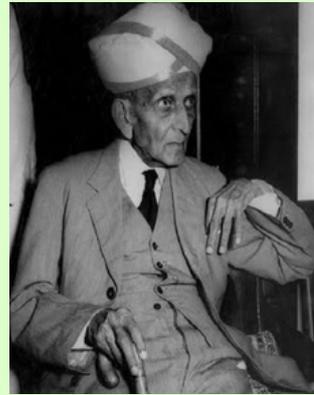

On this significant day, our school proudly upholds the essence of democracy. We strive the ideals of our constitution by coming together and solemnly enhance its preamble. we reaffirmed our commitment to the principles of justice, liberty, equality, and fraternity. Within the walls of education, fostering a sense of civic duty and responsibility among the future stewards of our society. All the classes were announced to commerce the preamble of constitution with pride in their heart.

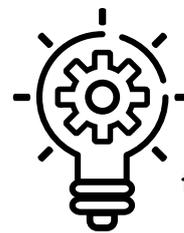

"In unity we stand, a democratic band, shaping a tomorrow, free from sorrow."

ENGINEERS DAY

Engineers Day is observed on September 15th every year to celebrate the remarkable contributions of engineers to the society. Sir Mokshagudam Vishveshwaraya, one of the most significant civil engineer's birth anniversary coincides on this special day. In the honour of our dedicated and hard working engineers. The main purpose of observing Engineers day in our school was to upskill the young enthusiasts and the future engineers to tackle the problem of tomorrow. The students of grade 9 were taken to the engineering block and were thought the basics of engineering which caught the students fascination in this field of learning

SIR MOKSHAGUDAM
VISHVESHWARAYA

FACTSOME

The word engineer comes from a Latin word ingenium meaning 'cleverness'

SCIENCE EXHIBITION

**WHERE IDEAS IGNITE,
CURIOSITY TAKES
FLIGHT, AND
KNOWLEDGE PAINTS
THE CANVAS OF
INNOVATION."**

Science is a predominant field of study in this century. Students excelling in science have the potential to reach remarkable heights. To bring up their potential and inspire the students in the field of science. A group of science enthusiastic students took part in an interschool science competition of taluk level held in Amar Jyothi English school. This competition acted as a valuable opportunity to learn and demonstrate our skills of science while competing in various activities that included: Seminar, science projects, acts and dramas. Five worthy students from SEA of grade 9 Anvesha pradhan, Aravind and Ashwathi.M.K and from grade 10 Sai karthick and Karan kumar sah were selected to participate based on their eligibility. The major aim of this competition was to learn from one another, share their passion, and quench their curiosity for science.

"Engineers shape the future through innovation and dedication."

FIRST-AID AWARENESS

8TH SEPTEMBER

First aid awareness is essential for everyone, as it equips individuals with the basic skills to provide immediate assistance in emergencies. Knowing how to respond to injuries or sudden illnesses can be the difference between life and death. First aid awareness promotes a proactive approach to health and safety, empowering individuals to be capable first responders in various situations. It's a practical and valuable set of skills that can make a significant impact in times of need. First aid awareness is super important for students because accidents can happen anywhere, students being aware of first aid means they can step up and make a real difference. It's about keeping everyone safe and being helpful to all those who are in the need of these first aids in life.

On 8th of September an informative event titled "First Aid In Self Wound Care" awareness was conducted by Betadine for the students of grade 5 to 8 in the seminar hall. The main objective of this was to educate the students about basics of first aid and how helpful it would be in our daily lives during emergencies. The instructors also provided lessons on how to respond to different injuries.

HEAL, AND OFFER
COMFORT WHEN
NEEDED MOST."

"first aid kits: small boxes, big heroes."

ATHLETICS

RUNNING TALUK LEVEL

Athletic efficiency is all about being effective and performing well in sports or physical activities, essentially, being athletic is like giving your body and mind an overall boost, helping you lead a healthier and more fulfilling life. Athletics are important for students because they promote not just physical health but also mental well-being. Engaging in sports or physical activities helps students stay active, reducing stress and enhancing concentration. Here Rahul the student of class 10th achieved second place in 3000metres running race taluk level sports competition.. His full intention was been fulfilled by approving this ability and showing to strive more in life.

NCC MEET

The NCC AOD and the school principal hosted a special meeting for 8th-grade parents. This meeting was all about discussing what's involved in enrolling their children in the NCC program. It was a chance for parents to ask questions, get clarifications, and understand what to expect when their child joins NCC. This shows that the school values clear communication with parents and wants to make sure they have the information they need to support their child's choices.

"CHARACTER, COURAGE, COMRADESHIP: NCC FORGES LEADERS WITH A STRONG SENSE OF DUTY AND A COMMITMENT TO SERVE THE NATION."

"Victory belongs to those who persist through adversity."
